In the revised edition of this ground breaking book, Margot Cairnes explains that the way most businesspeople think is both outdated and obsolete. Not only does this destroy personal and business success, it is also emotionally and spiritually damaging. Cairnes, with her years of international leadership expertise, provides us with an alternative, enticing us to follow the call of our hearts - the call for personal wellbeing and ultimate success. This is a time of great opportunity for those with the courage to change their thinking and operating styles - by learning to develop new ways that are in tune with the new era. Margot carefully guides us on our journey with wisdom, compassion, intelligence, humour and practical commonsense. She discusses the political and personal traps we need to manage, and provides invaluable hints on how to support ourselves throughout our personal and professional lives. Corporations today need both the minds and the hearts of their employees to succeed in the current marketplace. This timely well-written book emphasises the importance of this crucial integration in a brilliant manner.
