America Star Books, United States, 2011. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Have you ever wonder what it would be like to have your life turned upside down by mental illness, have you ever thought what it would be like to loose all you have. Like the proverbial Job, but not have the integrity of being righteous in defeat and also loose you mind. Well this book explores the trade winds of the human condition and everything in-between from the perspective of having, lost, wandered being found and eventually gaining all back after being sent to hell and back because of fool pride and compromise, eventually finding heaven on earth and a new reality of what was once lost. This anthology consists of 121 poems written by one such person. There is wit, charm, charisma, love, sadness, despair, loss, alarm, war and carnage. The writer takes you the reader on a chronological and individual journey through human experience and caries you from one reeling reality to another. I challenge you to open up this daring book and reveal a world from the perspective of one living with schizophrenia day to day only able to write because of the powerful effect of his experience with wrestling with an angel of God and defeating every possible demon known to mankind in this modern day Babylon, and eventually being victorious, and sharing these candid experiences with you.
