Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Bible makes many scientific statements of facts so profound that only in the last few decades could we begin to understand them. Thousands of years ago the Hebrew prophets made scientific statements about meteorology, oceanography, biology, medicine, fire science, astronomy, nuclear physics, the hydrology cycle, and the Earth's typography to name a few. Some of these are so profound that just one of them alone proves the Bible is true. These statements are so profound that you must either conclude that God told these prophets this information or that this race of shepherds had access to computers, weather satellites, advanced technology almost 4000 years ago and never used it for any other purpose. There is no other explanation.
