THE DARK SIDE OF THE ENLIGHTENMENT: WIZARDS, ALCHEMISTS, AND SPIRITUAL SEEKERS IN THE AGE OF REASON

[DOWNLOAD](#)

WW Norton & Co. Hardback. Book Condition: new. BRAND NEW, The Dark Side of the Enlightenment: Wizards, Alchemists, and Spiritual Seekers in the Age of Reason, John V. Fleming, In The Dark Side of the Enlightenment, John V. Fleming shows how the impulses of the European Enlightenment-generally associated with great strides in the liberation of human thought from superstition and traditional religion-were challenged by tenacious religious ideas or channeled into the "darker" pursuits of the esoteric and the occult. His engaging topics include the stubborn survival of the miraculous, the Enlightenment roles of Rosicrucianism and Freemasonry, and the widespread pursuit of magic and alchemy. Though we tend not to associate what was once called alchemy with what we now call chemistry, Fleming shows that the difference is merely one of linguistic modernization. Alchemy was once the chemistry, of Arabic derivation, and its practitioners were among the principal scientists and physicians of their ages. No point is more important for understanding the strange and fascinating figures in this book than the prestige of alchemy among the learned men of the age. Fleming follows some of these complexities and contradictions of the "Age of Lights" into the biographies of two of its extraordinary offspring. The first is the controversial wizard known as Count Cagliostro, the "Egyptian" freemason, unconventional healer, and alchemist known most infamously for his ambiguous association with the Affair of the Diamond Necklace, which history has viewed as among the possible harbingers of the French Revolution and a major contributing factor in the growing unpopularity of Marie Antoinette. Fleming also reviews the career of Julie de Krudener, the sentimental novelist, Pietist preacher, and political mystic who would later become notorious as a prophet. Impressively researched and wonderfully erudite, this rich narrative history sheds light on some lesser-known mental extravagances and...
