Zapparoni, a brilliant businessman, has turned his advanced understanding of technology and his strategic command of the information and entertainment industries into a discrete form of global domination. But Zapparoni is worried that the scientists he depends on might sell his secrets. He needs a chief of security, and Richard, a veteran and war hero, is ready for the job. However, when he arrives at the beautiful country compound that is Zapparoni s headquarters, he finds himself subjected to an unexpected ordeal. Soon he is led to question his past, his character, and even his senses.
