Grain of Salt The Author believes the financial American Dream is not dead yet for the middle class. The Key is financial education, information and action. With holistic Money education in this book, many of the middle class teens would achieve the Self-made Rich. George says, We got to teach our kids about Money. And I wanted to teach good lessons for them. This book is a compilation of the Money wisdom from many other books and blogs. For this book, I worked like a curator in the museum, and it was very enjoyable process. I wanted this book to be a practical guide for the young. It was not meant to be spiritual pep talk nor success preaching. The contents are not my personal opinions, so it doesn't matter who I am. What matters is the usefulness of the contents of this book, and how you use the contents in the Game of Money in your life. What you choose and do count. Good luck.
