Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.The Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA) created a prescription drug benefit for beneficiaries, called Medicare Part D, beginning in January 2006. The MMA resulted in options for sponsors of employment-based prescription drug benefits, such as a federal subsidy payment--the retiree drug subsidy (RDS)--when sponsors provide benefits meeting certain MMA requirements to Medicare-eligible retirees. The MMA required GAO to conduct two studies on trends in employment-based retiree health coverage and the MMA options available to sponsors. The first study, *Retiree Health Benefits: Options for Employment-Based Prescription Drug Benefits under the Medicare Modernization Act* (GAO-05-205), was published February 14, 2005. In this second study, GAO determined which MMA prescription drug coverage options sponsors selected, the factors they considered in selecting these options, and the effect these decisions may have on the provision of employment-based health benefits for retirees. GAO identified options that sponsors selected using data from employer benefit surveys and the Centers for Medicare Medicaid Services (CMS), the federal agency that administers Medicare. To obtain sponsors views about the factors they considered and the effects of their decisions, GAO also interviewed private and public sector sponsors and experts.
